

**SIES COLLEGE OF ARTS, SCIENCE AND COMMERCE (AUTONOMOUS)
SION (WEST), MUMBAI 400 022
Food Technology and Nutraceuticals
NOTICE**

Date: 23rd July 2020

Department of Biochemistry, SIES College of Arts, Science and Commerce (Autonomous) affiliated to University of Mumbai in collaboration with ENAC (Expert Nutraceutical Advocacy Council) offers a PG Diploma in Food Technology and Nutraceuticals.

Duration of the Course:

One year plus three months implant training

Rationale:

Nutraceutical, which includes functional food and dietary supplement, is the industry which amalgamates pharma and food industry. The popularity and growth of this industry is attributed to consumers' increased inclination towards health and nutrition. Today, functional foods are in great demand for their potentials to provide physiological benefits in chronic lifestyle diseases and Nutraceuticals are perceived as alternatives to prescription drugs. In this scenario, as the market for food and nutraceutical grows, the demand for skilled and trained graduates and postgraduate's increases. This Post Graduate diploma in Food technology and Nutraceuticals is tailored to be a job-oriented program.

Objectives of the Course:

- This course intends to train students to become skilled professionals for the growing Food and Nutraceutical industry.
- The course involves product development projects to motivate the students to develop novel, innovative and improved food and nutraceutical products.
- The course shall familiarize the students with the Food Processing and Preservation, Food Microbiology, Nutraceuticals, Food Regulation and Quality Management System.
- This program, which will be conducted in collaboration with Expert Nutraceutical Advocacy Council (ENAC), aims to provide a platform to collaborate actively with industry for mutual benefits.
- The course envisions developing entrepreneurial spirit among students for inspiring them to set up their own facilities.

Highlights of the Course:

- Guest lectures & workshops by industry experts from renowned Food and Nutraceutical MNCs and Regulatory bodies
- Industry visits
- 3 Months Industrial training/Internship
- 100% Placement Assistance
- Students of Academic year 2019-2020 have been successfully placed for Job/ Internship at Food and Nutraceutical Companies/ Laboratories like Envirocare Labs Pvt ltd, SafeFoodz Solutions, Spectrum Food Solutions, Vital Nutraceuticals, Gangwal Chemicals Pvt ltd, Expert Nutraceutical Advocacy Council (ENAC) etc.
